

Product data sheet

Sun sensor

Reference number

17 S

Sun sensor

for connection to converter ref.-no.: 17 USW UP, 17 USW REG, 17 USD REG

Product characteristics

- For sun protection and for the automatic control of electrically driven blinds and awnings
- Including mounting material

Technical data

Supply voltage:	DC 3.3 V (PELV)
Sensor type:	phototransistor
Recommended cable:	J-Y(St)Y 2 x 2 x 0.8 mm
Cable length:	max. 50 m (with 2 x 0.25 mm ²)
Cable inlet:	cable gland PG9
Degree of protection:	IP54
Dimensions:	65 x 20 mm

 Degree of protection IP54 is ensured.
