

# Product data sheet

## USB 2.0

### Reference number

MA A 1122 WWM

### USB 2.0

(with supporting frame, screw fixing only)

Consider bending radius and various plug types. Ensure sufficient installation space.

### Spare part:

adapter 3 ref.-no.: MA 1000 AD 3

### Technical data

|                      |                                                                                       |
|----------------------|---------------------------------------------------------------------------------------|
| Standard:            | 2.0 High Speed                                                                        |
| Terminal:            | Type A, 180°                                                                          |
| Installation depth:  | 28 mm                                                                                 |
| Ambient temperature: | -5 ... +45 °C                                                                         |
| Installation note:   | Consider bending radius and various plug types. Ensure sufficient installation space. |

**matt lacquered**

**Colour:**  
matt snow white

**Material:**  
thermoplastic lacquered

**P** Individual colour printing possible
