

# Product data sheet

HDMI / USB 2.0

## Reference number

MA A 1163 WWM

## HDMI / USB 2.0

(with supporting frame, screw fixing only)

Consider bending radius and various plug types. Ensure sufficient installation space.

### Spare part:

adapter 3 ref.-no.: MA 1000 AD 3

## Technical data

### Technical data HDMI

|                      |                                                                                       |
|----------------------|---------------------------------------------------------------------------------------|
| Standard:            | HDMI 2.0a                                                                             |
| Video formats:       | 4K @ 50/60 Hz, Full HD @ 48 Hz 3D, HDR Video                                          |
| Terminal:            | HDMI™ type A, 180°                                                                    |
| Contact material:    | gold-plated                                                                           |
| Installation depth:  | 25 mm                                                                                 |
| Ambient temperature: | -5 ... +45 °C                                                                         |
| Installation note:   | Consider bending radius and various plug types. Ensure sufficient installation space. |

### Technical data USB 2.0

|                      |                                                                                       |
|----------------------|---------------------------------------------------------------------------------------|
| Standard:            | 2.0 High Speed                                                                        |
| Terminal:            | Type A, 180°                                                                          |
| Installation depth:  | 28 mm                                                                                 |
| Ambient temperature: | -5 ... +45 °C                                                                         |
| Installation note:   | Consider bending radius and various plug types. Ensure sufficient installation space. |
